

AED PACKAGE - CARDIAC SCIENCE G5

The Cardiac Science G5 Automatic External Defibrillator is considered one of the most reliable AED units available in Australia. Unit features include;

- Easy-to-use AED for responders at all levels;
 - IP55 High ingress protection against water and dust for optimal performance in the toughest environments – ideal for taking outside classroom to sports oval or playground;
 - Meets the highest of military standards for vibration, shock and drop testing (up to 1.5mt);
- RescueCoach™ user-paced prompts guide responder through each critical rescue step Extra assistance through text prompts provide additional coaching in noisy and chaotic environments;
- Intuitive, interchangeable pad simplifies positioning;
- Assesses the patient's therapy needs and delivers customised fully automated shock at an appropriate energy level in as little as 10 seconds;
- A highly visible Rescue Ready® indicator ensures a working AED is available to responders at all times;
- Rescue Ready® technology conducts self-checks of battery, hardware, software, and pads daily. Partial charge of the high-voltage electronics is conducted weekly. A full charge carried out monthly;
- Easy to update settings if Resuscitation Guidelines change;
- Quickly transfer and review data via USB;
- Pediatric Pads and Adult Pads included;
- A protective carry sleeve and wall mounting bracket;
- An accessory kit with facemask, scissors, razor and protective equipment;
- A face-to-face club training program for up to 20 people for operational use of the unit;
- Instructional DVD with a link to ongoing refresher training;
- AED location signs for wall mounting indoor or outdoor;
- Laminated wall instruction poster;
- A unit accessories maintenance schedule that includes the replacement of batteries and defibrillator pads for seven (7) years, at no extra cost. The units expected life span is in excess of 20 years;
- An eight (8) year warranty on the unit (hardware and software);
- 24hr service contact detail;
- Access to a crisis counselling advisor;
